

Lucky's Kayak Journall

Day One

Today was a great day. I was sad at first becuzz Justin was getting reddy to go on a kayak trip. That means I'm left here with only Geff and stupid cat. But just as I was giving him my saddest faysse so he wood not go he said "you wanna go on doggy field trip?" That make me so happy!!!!

Day two

we walked a lot today. Justin and kids go kinda slow. But the kids thre sticks for me. That was fun! My favorite part of the day was when we ate lunch. The kids droped most of their food. so I got to eat so much cheese I almost barfed.

Day Three

It was hot today. sometimes its hard being a black dog in the Buhammas. Butt I like to go swimming when I get so hot. I wonder what well do to morrow?

Day four

we made it to Litehouse beach tудay! I had no idea we were coming here. Litehouse beach is my favorite beach in the world! There are lots of crabs here and

I dig them up and chase them. some times they bite my nose and then I eat them! It hurts when they bite my nose.

Day five

we went for a long walk on the beach this morning and the kids didn't come back. They must be in trouble becuzz they are all by themselves. One of the students must have found a ball becuae he keep going in circles and running into water. I hope I find a ball

Day six

I had Justin all to myself today. He is a good boy. I trained him good. He knows what kind of sticks I like, he throws the ball for me, and best of all he takes me on doggie field trips!

Day seven

I was reely tired tooday. Then a car pulled up and Justin made me go home with them. I didn't want to go but it was nice to sleep on my bed again. My favorite things from the trip are 1. All the left over food I got to eat. 2. catching crabs 3. Litehouse beach 4. All of the students who pet me all the time. 5. Getting to smell new places.
